Basic Digital Photography for Law Enforcement

Law enforcement is utilizing digital photography and technology more frequently than ever before. This 14- hour course will address the basic photography theory to be applied to capturing digital images that will enhance image quality. Other topics include types of digital cameras, digital images vs. 35mm film, legal issues, and an overview of image handling. Officers will need to bring an adjustable digital camera and a tripod. To register, visit www.cji.edu or contact Judy Johnson at 501-570-8076.

Tuesday – Wednesday, June 22nd – 23rd

8:30 am – 4:30 pm

Learning Resource Center - Room B129

Microsoft Word for Law Enforcement

Designed for law enforcement professionals and led by instructors from the Criminal Justice Institute of the University of Arkansas, this class will introduce you to Microsoft Word and help you enhance the professionalism of written communication and documentation. It is recommended that students have a working knowledge of Microsoft Windows and possess basic computer navigation skills. To register, visit www.cji.edu or contact Judy Johnson at 501-570-8076.

Wednesday – Thursday, August 18th – 19th

8:30 am – 4:30 pm

Computer Education Center - Room 4

Facebook, Twitter, and Blogs: Social Media Strategies for Your Business

Not sure where to begin with social media or why you should bother? Businesses of all sizes are using online tools like Facebook, Twitter, and blogs to connect with customers. We'll show you five low-cost ways social media can bolster your current marketing efforts, and you'll leave with your own social media marketing plan. Learn which social media are a good fit for you, where your target customers are looking online, and what it could mean for your business if you aren't involved in social networking.

Wednesday, June 23rd

11:00 am – 1:00 pm

Fee: \$35 (includes light lunch)

Classroom Building 1- Room 109

Healthcare Provider CPR

The BLS Healthcare Provider Course teaches CPR skills for helping victims of all ages (including ventilation with a barrier device, a bag-mask device, and oxygen); use of an automated external defibrillator (AED); and relief of foreign-body airway obstruction (FBAO). This course is intended for participants who provide health care to patients in a wide variety of settings.

Friday, June 18th or Friday, August 6th

9:00 am – 1:00 pm

Fee: \$40 (includes required manual)

Learning Resource Center - Room B129
