

**East Arkansas Community College**  
**Certificate of Proficiency in Instructional Design**

The Certificate of Proficiency (CP) in Instructional Design program develops instructional technology skills for future and current educators in both higher education and K-12 settings. The CP in Instructional Design is designed to serve as an intermediate step toward obtaining an Associate of Science in Education (ASE) or an Associate of Arts in Teaching (AAT). This certificate allows students to earn an award after approximately one semester of study. EACC offers several Education certificate and degree options that can be found on the EACC website.
